Bank : Affin Islamic Bank Berhad

Product :

- ☐ AFFIN ISLAMIC Term Deposit-i
☐ AFFIN ISLAMIC Term Deposit-i Vault
☐ AFFIN ISLAMIC Foreign Currency Term Deposit-i
☐ Any other Term Deposit-i offered under the concept of Tawarruq

1. What is this product about?

A sum of money deposited with to the Bank will be used to invest in Shariah compliant activities for a specific tenure. The profit rate is fixed upfront upon placement which is determined by the Bank from time to time. This product is Protected by Perbadanan Insurans Deposit Malaysia up to RM250,000 for each depositor.

2. What is the Shariah concept applicable under this product?
a) Tawarruq

Tawarruq consist of two sale and purchase contracts where the Customer (represented by the Bank as their purchasing agent) will purchase a specific Shariah compliant Commodity from the Commodity Supplier at a Purchase Price (equivalent to the deposit amount) and sells the Commodity (represented by the Bank acting as their agent) to the Bank at a mark-up sale price (Sale Price) on a deferred payment basis. Subsequently, the Bank will sell the Commodity to a third party at the Purchase Price on cash and spot basis.

b) Wakalah

The Bank will apply the dual-agency mechanism under the Wakalah concept. The Customer appoints the Bank as the Customer's agent to purchase the Commodity from the Commodity Supplier at a Purchase Price and subsequently sells the Commodity to the Bank on behalf of the Customer in order to complete the Tawarruq transaction.

c) Wa'd

Under the Shariah concept of Wa'd, the Bank undertakes to subsequently purchase from the Customer a specific Shariah compliant commodity ("the Commodity" consists of crude palm oil (CPO), rubber or any other commodity as advised by the Commodity Supplier) once completion of purchase of the Commodity on behalf of the Customer from a Commodity Supplier at Purchase Price (equivalent to the deposit amount).

(c) Credit balance in dormant accounts with no transaction for the period of more than seven (7) years will be transferred to the Registrar of Unclaimed Monies.

4. What are the key terms and conditions?

- For premature withdrawal, the Customer agrees to grant Ibra' (rebate) on all of the contracted profit to the Bank.
- The Bank shall deduct from the principal amount, the initial amount credited as profit as per the aforementioned premature situations for example in cases the profit has been credited into the CASA-i.

5. How are the profit and selling price computed?

The profit and selling price are computed per the following illustration:

Formula

Contracted Profit = Principal (Deposit) Amount x Rate per annum / No. of Days per Year = Profit for One Day
= Profit for One Day (limited to the earliest 5 Decimal Points) x No. of Days

Selling Price = Principal Amount + Contracted Profit (limited to the earliest 2 Decimal Points)

Example for AITD-i/AITD-i Vault:

Principal Amount	*Rate per annum	No. of Days per Year	No. of Days
RM 10,000	4.05%	365	365

Contracted Profit = RM 10,000 x 4.05% / 365 = RM 1.10958904
= RM 1.10958 x 365
= RM 404.9967

(The above figure will be limited to the earliest 2 Decimal Points, therefore the total contracted profit is **RM 404.99**)

Selling Price = RM 10,000 + RM 404.99
= RM 10,404.99

The Selling Price in the Advice may show a difference amount by positive 0.01 for example on this above case, the Advice may show selling price figure of RM 10,405 (difference by 0.01).

This is due to the difference computation behaviour between system and the Advice whereby the system will compute the profit accrual on daily basis while the Advice is generated upon Customer's placement where profit is computed in whole tenure.

Example for FCTD-i:

Principal Amount	*Rate per annum	No. of Days per Year	No. of Days
USD 150,000	1.80%	360	31

Contracted Profit = USD 150,000 x 1.80% / 360
 = USD 7.5000
 = USD 7.5 x 31
 = USD 232.50

(The above figure will be limited to the earliest 2 decimal points, therefore the total contracted profit is **USD 232.50**)

Selling Price = USD 150,000 + USD 232.50
 = USD 150,232.50
